Issue: Reflections on the work to be carried out in the framework of the prefiguration of the management plan for the South West Waters

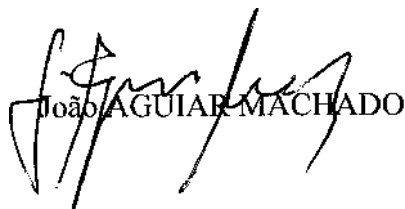

Your ref.: SWWAC opinion no. 98

Dear Mr Robert,

I would like to thank you for your correspondence putting forward SWWAC's recommendations and reflections on the work organised by the European Commission and STECF regarding the long term plan for the South West Waters. They will be taken into account during the impact study which will take place before the possible drafting of a long term management plan for the Western Waters, in the absence of replies from you to the public consultation on this question.

I thank you once again for your contribution. If you have an other questions, please contact Mrs Evangelia Georgitsi, coordinator of the Regional Consultative Councils (evangelia.georgitsi@ec.europa.eu; +32.2.295.04.43).

Yours sincerely

João AGUIAR MACHADO
